

# INOVASI Highlights: Achievements 2016 - 2020

To find out 'what works and does not work' to improve learning outcomes and use this evidence to inform sub-national and national policy

## How INOVASI works

- Finding suitable solutions according to the local contexts, including both technical and political contexts
- Co-designing pilot programs with high chances of success
- Establishing strong monitoring and evaluation framework
- Communicating and advocating results and findings
- Scaling-out practices that are proven effective

**17**  
districts/city partners  
+ 5 implementing districts

**110**  
pilots

**4**  
provinces

**51**  
policies  
at district and province level

**50+**  
studies

Funding allocated by district governments through district budget reached  
**Rp. 31.1 billion,**  
or  
**AUD 3.1 million.**

## Numbers & Map

Total:  
**752**  
facilitators

Total:  
**2244**  
partner schools

Total:  
**6732**  
teachers

Total:  
**170,233**  
students

Total:  
**2348**  
principals & supervisors

Total number of Local Facilitators:

Teachers who received INOVASI training

Principals and supervisors who received INOVASI training

Number of new INOVASI partner schools

Number of early grade students reached

Province	Total number of Local Facilitators	Teachers who received INOVASI training	Principals and supervisors who received INOVASI training	Number of new INOVASI partner schools	Number of early grade students reached
East Java	147	2790	959	930	75,681
