INOVASI Highlights: Achievements 2016 - 2020

To find out ‘what works and does not work’ to improve learning outcomes and use this evidence to inform sub-national and national policy

How INOVASI works

- Finding suitable solutions according to the local contexts, including both technical and political contexts
- Co-designing pilot programs with high chances of success
- Establishing strong monitoring and evaluation framework
- Communicating and advocating results and findings
- Scaling-out practices that are proven effective

Funding allocated by district governments through district budget reached Rp. 31.1 billion, or AUD 3.1 million.

Numbers & Map

- 17 districts/city partners + 5 implementing districts
- 110 pilots
- 4 provinces
- 51 policies at district and province level
- 50+ studies

INOVASI Highlights: Achievements 2016 - 2020

- 6732 teachers
- 50+ studies
- 2348 principals & supervisors
- 170,233 students
- 752 facilitators
- 2244 partner schools

Total number of Local Facilitators:

- East Java: 147
- NTT: 151
- NTB: 232
- North Kalimantan: 222

Teachers who received INOVASI training:

- East Java: 2790
- NTT: 1560
- NTB: 1734
- North Kalimantan: 648

Principals and supervisors who received INOVASI training:

- East Java: 959
- NTT: 535
- NTB: 630
- North Kalimantan: 224

Number of new INOVASI partner schools:

- East Java: 930
- NTT: 520
- NTB: 578
- North Kalimantan: 216

Number of early grade students reached:

- East Java: 75,681
- NTT: 40,845
- NTB: 41,460
- North Kalimantan: 12,247
